Randy,

I wanted to take a quick moment to express my deepest appreciation to you and your staff for all of your hard work this past week at our 23rd annual H.O.G. Rally. The Harley-Davidson Motor Company was very impressed with the overall operation for "Club H.O.G. Wild West" and the Starplex staff was a huge contributor to that success.

I am certain that we passed a few hurdles by you as we retrofit the Metrapark into a Rally grounds but I am very pleased to say that your entire staff met the challenge well. The entertainment components to our show are quite unlike most others as we rolled headline talent, a rodeo, stunt and drill demonstrations, motorcycle exhibits, a ride in show and a 1000 bike parade all into a rather quick one and a half day event. The Starplex team did a tremendous job throughout the week. I can only hope that we provided you with the same degree of planning and operational support as you delivered to the Harley-Davidson Motor Company.

Although I am aware that this was a rather large staffing call for you, I would like to offer my deepest appreciation for a few of your personnel. Karen, Vern, Todd, Rob, Jason, Jefferson and James really put forth a great effort and represented you and your corporation well. It was a pleasure meeting and working with each and every one of them.

I hope we get the opportunity to work together again and I will be certain to contact you for any future event security needs out West. Once again, thank you for your efforts and I wish you continued success in Montana.

A handwritten signature in cursive script, appearing to read "Donald Liebenthal".
